

SCHEDULE

Monday, 7th May 2012

12.00 - 15.00 Sightseeing Nikiszowiec

(We are planning a walk through this traditional and unique district of Katowice, with - if you would like it - a light meal in one of nearby cafes or restaurants (as there is a dinner planned after the seminar, we are not planning a bigger meal, but of course it can always be changed); at circa 15.00 we will start going back to the University, to be there well before the lecture.)

16.15 - 17.45 Seminar: the *Convex bodies* talk

After the seminar a common dinner with the seminar members is planned.

Tuesday, 8th May 2012

12.00 - ca. 14.00 A walk in the Silesian Culture and Recreation Park

ca. 14.00 A dinner in one of the nearby restaurants

16.15 - 17.45 Seminar: the *Electrostatic characterization of spheres* talk

Wednesday, 9th May 2012: Excursion to Kraków

10.00 Departure from Katowice

11.30 - 13.30 Guided tour in Kraków

ca. 14.00 Dinner

After dinner we are planning (depending on the weather) a short walk and going back to Katowice.

Thursday, 10th May 2012: Lectures

9.00 Prof. Wolfgang Reichel's talk *Analysis speeds you up – the Brachistochrone problem*

10.00 Coffee break

10.30 Piotr Idzik's talk: *Attractors for semigroups in metric spaces*

11.15 Szymon Draga's talk: *Regularity of the graphs of injective additive functions*

Friday, 11th May 2012: Trip to Historic Silver Mine

7.45 Meeting at the Institute of Mathematics

8.05 Departure with the 820 bus from the Piotr Skarga bus stop in the direction to Tarnowskie Góry (with a change in Bytom)

10.00 Sightseeing (boat trip)

ca. 11.30 Sightseeing the heritage park

ca. 12.30 Depending on the weather: a walk in the park
